What is Tungstenite?

Tungstenite is a substantially strong, hard wearing coating that is applied to the reverse of the bath, making it as durable as a cast iron bath but with the warmer and easier to maintain finish of acrylic.

What are the benefits?

- Much stronger than acrylic.
- Retains heat for approximately 30 minutes longer than acrylic.
- Improved bath stability and rigidity.
- Increased durability resulting in a longer lifespan.

 Look out for the Tungstenite logo

Bathroom Technology

Compatible with Oral-B/Braun* electric toothbrushes, this in-wall electric toothbrush charger can be installed just like a shaver socket, keeping your charger handy in the bathroom at all times.

- No wires in the bathroom
- Easy to install
- Acts as toothbrush holder at the same time as charging your toothbrush

*excludes iO and Plusonic series except the iO6
