

THE STYLISH
ALTERNATIVE TO TILES

A RESPONSIBLE CHOICE...

Showerwall is manufactured in the UK using the latest equipment and techniques, providing a technically sound and quality finished product. From point of order to the best-in-class product packaging, our dedicated sample and aftersales service ensures your complete satisfaction, every time.

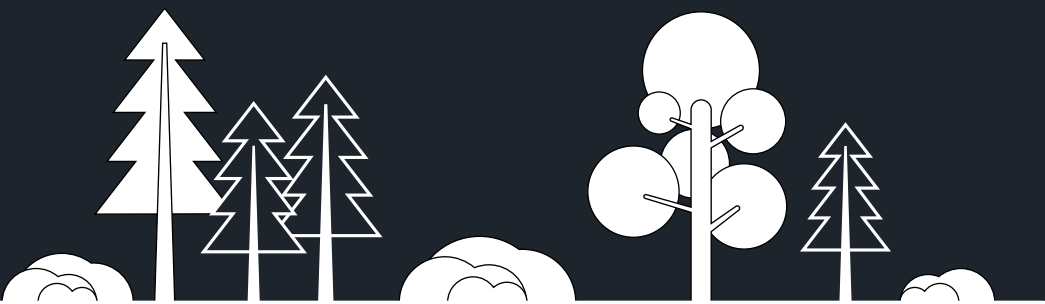

We are fully committed to going beyond existing regulations, to minimise any impact on our environment, protect people’s health and safety, and make labour relations and social issues an integral part of everything we do.

All Showerwall laminate wall panels are manufactured using wood-based materials that are both recyclable and sustainably sourced.

We’re serious about our impact on the planet. That’s why we’re making changes to leave as little mark as possible. From recycled materials to biomass recycling, scan this QR code to watch a video about the things we’ve already implemented across the business.

You can find out more by scanning the QR Code.

Whilst images and swatches give a good indication of a decor, nothing compares to seeing how the real thing will work in your space. Order your free samples online at www.showerwall.co.uk. Other useful information is also available online; including help finding your nearest retailer and fitter, installation videos, and our handy visualiser tool.

THE COLLECTIONS

Our diverse range of products offer versatile design solutions for any bathroom using high gloss acrylics, refined textures or sleek laminates.

LAMINATE

THE ORIGINAL COLLECTION
The Original Collection is a range of versatile popular decors, from shimmering designs with lustre to marbles for a more refined feel.

// PAGE 9

FINISHES

Our decors come in a range of different finishes, from gloss to authentic textures. For easy distinction, the finish of our decors are marked throughout the brochure with the following icons:

Gloss

A high shine finish creating a smooth, brilliant appearance

Texture

A structured surface that emulates the feel of organic materials

Matt

A soft to touch flat surface with low light reflectivity

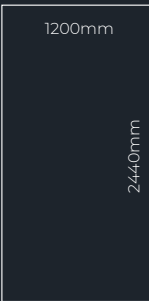

Synchro

A unique textured finish that follows the form of real material

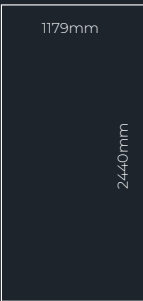

Choose from square cut panels or take advantage of our **Proclick technology** which achieves seamless almost invisible joints without the need for joining trims. Installation is made easy through the click design which allows panels to be located quickly and easily into place, eliminating the use of joining trims. Please note that Tile panels are only available as 600mm wide Proclick.

MURALS

Beautiful book-matched marble

Book-matched marble in bathrooms introduces a level of opulence and sophistication that transcends conventional design. This exquisite technique involves mirroring two consecutive slabs of marble to create a symmetrical pattern, akin to opening a book. The result is a visually striking and seamless display of natural beauty, with veins and patterns flowing seamlessly across surfaces like art on display.

Note: These designs are available as a pack of 2 x 1200mm wide panels panels only.

The Showerwall System

NEXT STEPS | LAMINATE

Three steps to create your waterproof Showerwall system with our Laminate product.

1 Decor

Select a decor from our extensive range.

2 Panel Details

Select the size, edge finish and number of panels required.

3 Waterproof System

Select the coordinating trims, Sureseal and accessories required.

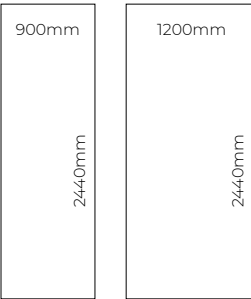

1 | DECOR

Select your decor from our 4 collections; *Original* | *Impression* | *Majestic* | *Tile*

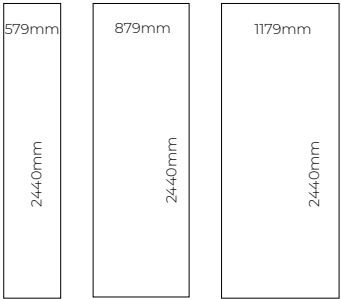

2 | PANEL DETAILS

Choose from square cut panels or take advantage of our Proclick technology which achieves seamless joints without the need for joining trims. Please note that Tile panels are only available as 600mm wide Proclick.

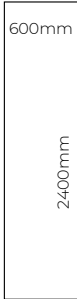

Square Cut Panels

Proclick Panels

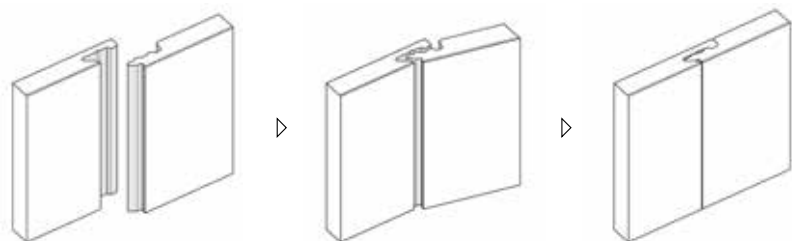

Proclick Tile Panels

Original, Impression, and Majestic panels are 10.5mm thick, and Tile panels measure 10.2mm thick.

All decors from the Original, Impression, and Majestic collections are available with either a Plywood or Exterior Grade MDF core, giving you the choice that best fits your project. The Tile collection is manufactured with a Plywood core as standard. All Showerwall laminate decors are in stock and available with no minimum order quantity.

Proclick technology has been engineered to create a mechanical locking system that provides seamless, almost invisible joints. Installation is made easy through the click design which allows panels to be located quickly and easily into place, eliminating the use of joining trims. Due to a slight difference in thickness, Proclick Panels are not compatible with Proclick Tile Panels when being installed side by side.

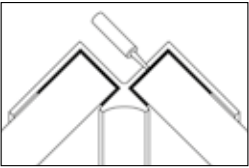

3 | WATERPROOF SYSTEM

Our system comes with two key components which ensure a watertight seal for all our Laminate panels; available in a range of colours to suit every decor. Easy to install and maintain.

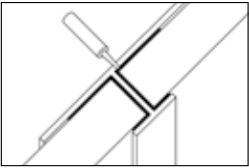

TRIMS

In order to ensure a watertight finish, trims are required for the outer edges of the panels as well as both internal and external corners.

Five trims are available dependant on where you would like to fit our panels. Note: all trims measure 2450mm in length and should be sealed using Showerwall sealant.

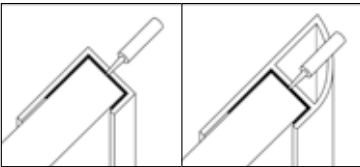

Internal corner
Used on all internal 90° corners.

Joining trim
Used to mount panels side by side.

External corner
Used on all external 90° corners.

Finishing end trims and Quadrant trims Finishing end trims for panels.

Five available trim colours;

Bright Silver

Satin Silver

White Gloss

Black Silk

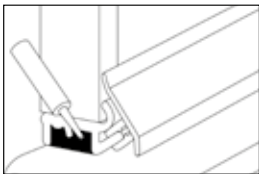

Antique Gold*

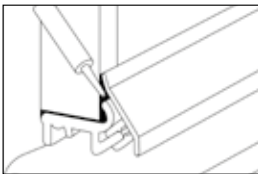

*Quadrant trims are not available in this colour

SURESEAL

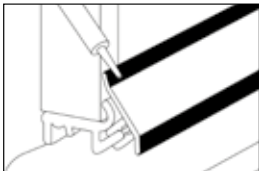

At the base of the Showerwall panel, even greater sealing performance is achieved using Sureseal. Fit and forget using the only maintenance-free shower seal on the market with no future resealing required. This four point sealing system is quick and easy to install, leaving the entire base of the panel encapsulated in sealant without any unsightly lines. Sureseal measures 2450mm long.

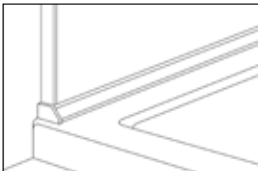

Seal one
Sealant between seal & tray.

Seal two
Panel encapsulated in sealant.

Seals three and four
Top & bottom seal.

Sureseal in situ
A watertight professional finish.

Maintenance free

4 point sealing system

Protects panel & wall

No unsightly sealant lines

No discolouration

Fit and forget

Satin Silver

SEALANT & ADHESIVE

We recommend that Showerwall's own brand of adhesive and sealants are used for the effective fitting of Laminate product. Our Showerwall guarantee only applies if the correct products are used when fitting Showerwall panels.

NEXT STEPS | ACRYLIC

Three steps to create your waterproof glass-like wall with our Acrylic product.

- 1

Decor

Select a decor from our extensive range.
- 2

Panel Details

Select the size and number of panels required.
- 3

Sealant

Coordinate the sealant with your choice of panel.

1 | DECOR

Select or create your wall from our collection.

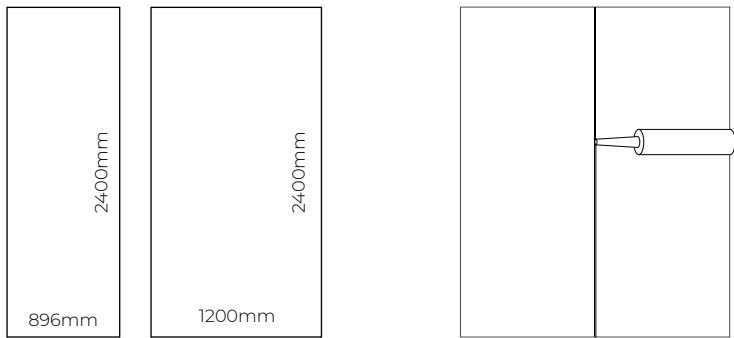

2 | PANEL DETAILS

All decors from the Acrylic Collection are manufactured from a 4mm thick acrylic sheet that is rear printed to create a polished glass-like finish. This material is 100% waterproof and therefore it does not require any trims; panels are simply joined together using sealant.

Panel Sizes

Acrylic Collection panels measure **2400mm** in height, and are available in either **896mm*** or **1200mm** widths.

* Note that Book-matched designs are supplied in packs of 2 x 1200mm wide panels only.

All Acrylic panels are 4mm in thickness.

Panels are simply joined together with sealant.

3 | SEALANT

Translucent Silicone Sealant should be used to adhere acrylic panels to the wall as well as seal the joins between panels. We recommend that Showerwall's own tried and tested brand of sealant is used for the effective fitting of the Acrylic product.

Note: Our Showerwall guarantee only applies if the correct products are used when fitting Showerwall panels.

Please ensure that you follow the complete instructions or alternatively watch our installation video, both of which can be downloaded from our website.

INSTALLATION

Fitting our shower panels is easy and can be completed by anyone who is competent at DIY. Full installation instructions are provided with every panel and we highly recommend watching the Showerwall installation videos which are accessible via YouTube and www.showerwall.co.uk. Failure to comply with the Showerwall installation instructions, including the recommended use of Showerwall sealant, adhesive, trims, and Sureseal, will invalidate your guarantee.

SHOWERWALL FIND A FITTER

Visit our Find A Fitter programme on our website, through which you can find installers from across the UK who are ready and waiting for you to contact them.

Simply scan the QR Code and enter your postcode to begin your search.

CARE AND MAINTENANCE

Showerwall is more hygienic and easier to maintain than tiles. The non-porous surface provides excellent protection against bacteria, especially in the areas between tiles that are traditionally grouted. SuperClean anti-bacterial cleaner kills germs and keeps hard surfaces clean without scratching and is recommended for the optimum life and performance of your Showerwall panel.

Abrasive cleaners and bleaches must not be used on Showerwall panelling. Sealant needs to be replaced at regular intervals. Failure to do this may cause water ingress and subsequent panel damage.

DISCLAIMER

Any reference to Showerwall waterproof panelling system refers to all elements of the Showerwall system being fitted together. Showerwall Laminate panels must be fitted in accordance with the fitting instructions and must use Showerwall trims including Sureseal, sealant and adhesives to ensure the system is both waterproof and guaranteed. Due to variations in the photographic and printing processes the colours shown may vary compared to the actual product. Natural stone decors will vary to replicate variances in this type of material, and there will generally be shade variances between individual panels so this is not grounds for complaint. All panels, irrelevant of decor type, must be inspected carefully before installation. Any concerns raised must be clarified prior to installation. It is recommended that actual product samples and retailer displays are viewed prior to purchase.

We reserve the right to amend the specification of the products shown without prior notice. E&OE.

A smart waterproof system combined with the character of organic materials; built to last and easy to install.

GUARANTEE

When installed correctly using the recommended fitting guide and accessories, Showerwall is guaranteed to be free from defects for 30 years, from the date of purchase. A copy of the Showerwall guarantee is available to download from www.showerwall.co.uk.

Note your Showerwall panels carry a 30-year guarantee that is limited to domestic use against manufacturing defects, only when registered online at www.showerwall.co.uk. If the purchase of your panels is not registered within 28 days of the installation being completed, then the guarantee is reduced to a 15-year term.

WATERPROOF PANELLING SYSTEM

Any reference to Showerwall waterproof panelling system refers to all elements of the Showerwall system being fitted together. Showerwall Laminate and Compact panels must be fitted in accordance with the fitting instructions and **must** use Showerwall trims, sealant and adhesives to ensure the system is both waterproof and guaranteed.

EUROPEAN STANDARD FIRE RATED

All Showerwall Laminate panels are classified EN 13501. In addition, selected decors are British Standard Fire Rated Class 2-BS 476 : Part 7 : 1997Standard Fire Rated Class 2-BS 476 : Part 7 : 1997

ENVIRONMENTAL RESPONSIBILITY

Showerwall laminate panels are manufactured using wood-based core board materials that are both recyclable and sustainably sourced.

We're serious about our impact on the planet. That's why we're making changes to leave as little mark as possible. You can find out more by scanning the QR Code.
