THE MAJESTIC COLLECTION

The Majestic Collection includes a range of luxurious designs characterised by a variety of authentic finishes, delivered on our new waterproof coreboard, Hydrocore.

THE TILE COLLECTION

The Tile Collection delivers the design and feel of tiles with the functionality of panels, complete with realistic grout lines.

THE IMPRESSION COLLECTION

The Impression Collection is full of character including rich earthy tones and tactile finishes that bring each individual decor to life.

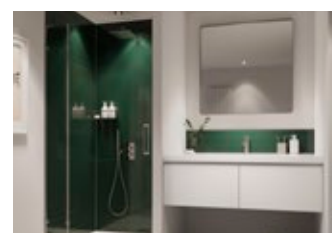

THE ORIGINAL COLLECTION

The Original Collection is a range of versatile popular decors, from shimmering designs with lustre to marbles for a more refined feel.

THE ACRYLIC COLLECTION

Our Acrylic range maximises colour with a polished glass-like finish that brings digital imagery to life. Utilise Solid Colours, stunning Murals and Patterns, or create something bespoke with the Acrylic Customisation service.

THE COMPACT COLLECTION

Our Compact range gives the look and feel of subway tiles, embossed to create a tile effect wall without the need for grout.

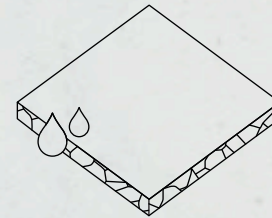

Introducing the **NEW Majestic Collection**

17 Brand new trend inspired decors
on a brand new waterproof core.

The Majestic Collection is a distinctively luxurious approach
to a sophisticated and effortlessly chic bathroom.

Hydrocore is exclusive to the
Majestic Collection and provides
a completely waterproof
foundation for the collection's
striking designs.

Introducing Hydrocore - our NEW waterproof
coreboard, available exclusively across the
Majestic Collection. Crafted from high-
performance polyurethane, Hydrocore resists
impact, moisture and mould. Its lightweight
design ensures effortless handling, while
providing a completely waterproof foundation
for the collection's stunning decors.

Hydrocore is built on the principles of a circular economy, where
materials are continuously reused and never become waste. It is
manufactured using pre-consumer polyurethane waste and production
offcuts, transforming discarded resources into valuable products.

OUR BRAND NEW RANGE OF BUILT IN SHOWER NICHES

The new range of built-in shower niches add a corresponding element to our range of designs. Available in two sizes and three stylish finishes; brushed stainless, brushed brass and matt black. Choose between non-illuminated or integrated LED lighting for a modern touch.

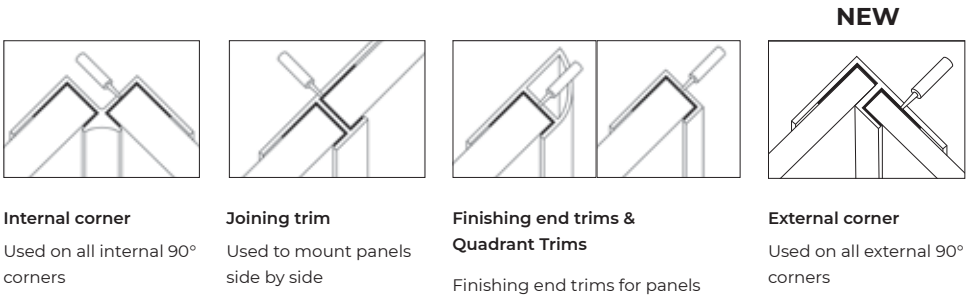

Available in three finishes;

NEW EXTERNAL CORNER TRIMS WITH IMPROVED FINISHES

To achieve a watertight finish on the Original, Impression, Tile & Compact Collections, trims are required on the outer edges of the panels as well as both internal and external corners.

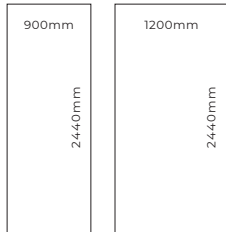

Choose your coreboard with **Laminate**.

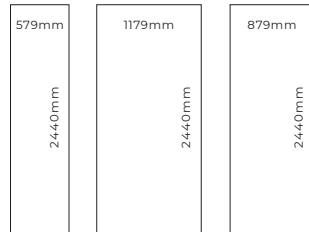

The Majestic Collection is available on our new waterproof Hydrocore, a choice of Plywood or Exterior-grade MDF is offered on the Impression and Original Collections, and a Plywood coreboard for the Tile Collection.

All Laminate decors are available in the panel sizes shown, except Tile decors, which come exclusively in a dedicated Proclick size.

Square Cut Panels

Proclick Panels

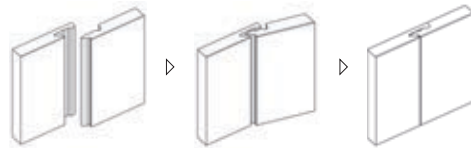

Proclick Tile Panels

To ensure a watertight finish, Laminate panels require trims for all outer edges, internal and external corners. Note that trims are not required for the Majestic Collection to achieve a watertight installation.

Proclick technology has been engineered to create a mechanical locking system that provides seamless, almost invisible joints. Installation is made easy through the click design which allows panels to be located quickly and easily into place, eliminating the use of joining trims.

Acrylic Panels

Our **Acrylic Panels** are 4mm thick and rear printed to create a polished glass-like finish, that bring digital images to life. They are 100% waterproof and do not require any trims; panels are simply joined together using sealant.

Pattern Matched

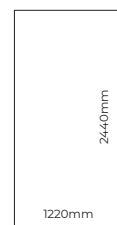

Acrylic pattern-matched panels ensure seamless design continuity across panels and around corners.

Customisation

Acrylic panels are completely customisable and can be printed in any colour or image, creating something truly unique.

Our **Compact Panels** are made from a strong solid composite material, embossed to create a subway tile effect wall without the need for grout. These 3mm solid panels are easy to fit through a waterproof system, reducing the fitting time compared with traditional tile products - and they are even easier to keep clean.

Compact Panels

To ensure a watertight finish, Compact panels require trims for all joins and outer edges, as well as internal and external corners.

Delivering the best wall panel range on the market.

Whilst images and swatches give a good indication of a decor, nothing compares to seeing how the real thing will work in your space. Order your sample online at www.showerwall.co.uk
